

August 4, 2020

Dear Valued Members,

We at the Kuna Chamber are wanting to make a few changes on how we bill your annual membership dues. For some of you this time is upon us, but instead of requesting the entire year, we would like to prorate the rest of 2020 and start anew January 1st, 2021.

With all the changes happening to the world around us this gives us the opportunity to start collecting membership dues in January of every year, allowing us to budget for the entire year. What a great way to ensure the Chambers longevity. On top of the change in due date of membership dues we are also restructuring the way we charge different businesses/organizations per employee instead of per business.

We apologize if this impacts anyone negatively, but we are hoping that those who renew now can save a little with the prorated portion during these uncertain times and full membership as the new year starts. We plan to maintain events and efforts of previous years while continuing to build our presence in the community.

As we work on new opportunities and develop a more substantial chamber, we want to make sure we provide membership benefits that accurately support our businesses and organization's wishes. Attached you will find the "2020 Business Survey". We would greatly appreciate your feedback. Please return the survey as quickly as you can, so we can start to implement requests and work to provide an outline for success. We look forward to working together and value your feedback!

Mission Statement:

The Kuna Chamber of Commerce supports and assists local businesses to attain further success through strategic marketing and community events that increase visibility and encourage networking with their peers and their customers. We believe that great towns have a strong and selfless core of leaders that are constantly striving to do better and helping others to succeed. Our goal is to gather those local leaders so that they have an effective outlet that allows them to continually improve Kuna's business landscape.

Vision:

Our Vision is to shape Kuna into a first-choice destination to own and start a local business.
